

Review of the Portsmouth Markets, for the week ending April 8, 1850.

General Remarks.—We note a fair amount of trade during the past week. Canal navigation is now resumed, boats having arrived yesterday. With an improvement in the roads enabling our country friends to come in with their wagons, our markets will soon be supplied with family marketing which has been rather scarce.

The bridge across Scioto enables wagons to come in from that direction with their wagons, without delay. A few transactions of our market are unobjectionable.

Flour & Grain.—Supply of flour has been very scarce for the last week, and we note a firm feeling therefrom. Sales of prime flour were made in low at \$5.124, 5.30 and 5.35. We note but small receipts of wheat brought mainly by "Boats." No Corn Meal in market. Oats are very scarce, sales from store for seed at 37 1/2 c.

Provisions.—We note increased demand for Bacon. Sales of shoulders 44; sides 54; hams 64 for farmers trade.

Sugar and Molasses.—Prices remain nominally the same, supply large. We quote 42 to 54 for the extremes for N. O. sugar and 26 for molasses.

Coffee.—Remains as quoted last week, 124 by sack with considerable inquiry.

Rice.—Sales of Rice 4 1/2 to 5 c by tierce.

Whiskey.—We note firmness in the market. Sales of Whiskey have ranged from 19 to 20 1/2 c. While Corn remains at present quotation, we can hardly look for a decline.

Salt.—We lower our figures on salt. By late resolutions of the association, price of salt was reduced to 30 c wholesale, and 32 c retail.

Corros Yarns.—The ruling rates for yarns, remain unchanged 18 1/2 to 19 c for assorted numbers.

Webster's Trial.

Boston, April 1st.—It is understood that the Jury, after going out on Saturday night, at first deliberated in silence for ten minutes, and then voted on the question whether the remains found there were those of Dr. Parkman, on which there was a unanimous yes. On the second question, whether Webster murdered him, there were eleven yeas and one nay. The ray came from Benjamin H. Green. He stated his point of doubt, but after some discussion declared it removed.

The family of Webster was not informed of the verdict the night it was rendered. The awful disclosure was made to them on Sunday morning, by Mrs. Wm. E. Prescott. The scene was most heart rending.

A letter of condolence was presented on Sunday afternoon, signed by the heads of all the principal families of Cambridge, including the Hon. Edward Everett, Jared Sparks, Prof. Norton, Judge Fay, &c. Judge Fay gave up that his friend Webster was a guilty man, after hearing his own speech on Saturday evening.

Webster was brought into the Court this morning at 9 o'clock to receive the solemn sentence. He looked gloomy in the extreme but collected and calm. The Court-room was densely crowded.

At 10 o'clock the Court came in, and Mr. Clifford narrated the facts of the indictment, trial and verdict, and moved that the Court now pronounce the final sentence.

The prisoner rose and was asked by the clerk what he had to show why the sentence of death should not be pronounced against him. The prisoner bowed and took his seat in silence.

Chief Justice Shaw then addressed him. In conclusion the Judge said:—"And now nothing remains but the solemn duty of pronouncing the sentence which the law fixes for the crime of murder, of which you stand convicted, which sentence is that you, John W. Webster, be removed from this place, and be detained in close custody in the prison house of this county, and thence taken, at such time as the Executive Government of this Commonwealth may by their warrant appoint, to the place of execution, and there be hung by the neck till you are dead, and may God in His infinite goodness, have mercy on your soul."

Another Printer Gone.

MARRIED.—On the 4th inst., by J. R. Turner, M. G., Mr. Wm. H. H. SALLYARD and Mrs. ELIZA ANN WHITE, all of this place.

Rev. E. W. Selon.—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla. Rev. E. W. Selon is wide A. A. generally known as an eloquent and accomplished Pastor of the M. E. Church, and the Rev. Edward Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years—and at this time filling the high and responsible station of agent for the M. E. Book Concern South. Can the world produce better or more satisfactory testimony in favor of any medicine?

LOUISVILLE, May 20, 1849.

We have used Jno. Bull's Sarsaparilla and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted. (Signed) E. W. SELON.

The original of this can be seen by application at Jno. Bull's principal office, 81 Fourth street. For particulars of the effects of this wonderful medicine the reader is referred to the advertisement to be found in another column.

Brandeth's Pills.

The Laxative, tried and disappointed with his lot, and craving some stimulus, has taken Brandeth's Pills, and soon his unnatural appetites have been corrected, and his health being fully restored, contentment, like a refreshing sleep, has once more visited him, and his family and friends, seeing the change, have rejoiced in the wondrous power of Brandeth's Pills.

The Mechanic, whose occupation forbids exercise, soon becomes sick and emaciated, his nerves are unstrung, and his system deranged; but let him take these Pills, and they will make him a new being, almost as fresh and vigorous as a young man in the first flush of sanguine youth.

Woman, whose system is subject to derangements, should remember that health is always within her reach, by taking a few doses of Brandeth's Pills; and with health, will come beauty, cheerfulness and happiness. In fact, they are the longest known, have been most considered, and are the best understood of all the medicines of the day. Their action harmonizes with the condition of the body. If the bowels are merely constipated—if it is only some irregularity of diet that requires correction, two, three, or four Pills, taken at night, or any time during the day, will seldom be felt after they are swallowed, until they produce their known effect. But should there be crude matters in the circulation, or any undigested food in the bowels, or purged acid bile in the region of the heart or liver, or in any part of the viscera, then the pills of Dr. Brandeth may occasion some slight inconvenience; but nothing in comparison to the great good they do in removing the Death-principle out of the system.—For, when we are born, we bring into the world our life-principle; and also that which must ultimately terminate our being.

The parents who are in the habit of using Brandeth's Pills, display, in their children, justness of form, a clearness of complexion, a goodness of disposition, a healthfulness of habit, and brightness of perception, which delights the beholder. And all because the blood of these sensible parents is kept pure; because, when they suffer from pain in any part of the body; whether the head or feet, in the chest or kidneys, or in the bowels; they consider it an admonition that the body calls for a vegetable cleansing. Even inflammation does not frighten them: they look upon it as a salutary effort of nature to throw out from the blood those matters which have become irritating and hurtful.

For Sale by the following Agents.

WHOLESALE AND RETAIL

Regulators in Dry Goods,

HAVE just received the largest stock of Spring and Summer Goods they have ever offered in this place. We will not attempt an enumeration of articles and the prices at present, but invite all our friends and the public in general to call and see the stocks of Goods we have, on the lower and upper floors of our house. The styles we know will speak for themselves, and we now challenge the western country in prices.

Having heretofore sold the CHEAPEST goods in this market, and received the title of "Regulators" of prices, by the spontaneous voice of the people, this fact is the best guarantee that we can and we will sell the cheapest Goods now.

Country Merchants will find good bargains in store for them, and will only have to call before purchasing elsewhere to be convinced of what we say. We are better prepared in that department than heretofore.

J. & L. WILSON'S

Metallic Fire and Weather Proof Paint.

THIS justly celebrated and extraordinary Metallic substance has now been before the public for several years, and has given entire satisfaction to all who have used, or had it applied on their work, becoming as it does, as hard as the hardest kind of stone, and perfectly impervious to fire or water. This paint is now extensively used for the bodies and roofs of brick, stone and plaster houses, barns, railroad depots and steamboats. It is also a superior article for machinery, castings, &c., besides being the best of paint for carriage work, as it is susceptible of a high polish, and will never crack. In short, it is the cheapest and best preservative from fire or water ever offered to the public.

The undersigned would inform the public that they are still continuing to manufacture at Brookline, Cuyahoga Co. O., and are prepared to supply orders large or small.

The genuine article can be had Wholesale or Retail at J. L. McVey & Co., Portsmouth, O.; Seaton & Sharp, Mayville, Ky.; and in most of the principal towns throughout the United States.
